WITNESS INTERVIEW: HOBBS (Continued)

Page 2

The witness went on to tell me that early last month, January 1988, she received a telephone call from Greg Sanders, the suspect in this case. He indicated to her (Hobbs), that he would be out towards the end of the month and that when he was there, he said she (referring to Shawnee, his wife), could then decide between him and Larry (Larry Steinbring, the daughter's boyfriend). Hobbs said that last Wednesday or Thursday, January 27th or 28th, Greg showed up at her residence along with his son, Alex, who is approximately 5 years old. Greg had no money for a motel, so he ended up staying at Hobbs' trailer along with her daughter, Shawnee and Shawnee's boyfriend, Larry.

She was asked if there were any indications of any friction or arguments that she overheard since Greg had been staying at the trailer and she said that as far as she knew, they usually went outside to discuss matters, but that she never heard any type of arguments or fights. She went on to tell me that as far as she knew, everything was alright between Greg and Shawnee and that decision had been made for Greg to leave and let Alex, his son, stay with Shawnee. Shawnee in this case, being Alex's Step-Mother. Greg Sanders had apparently come to the conclusion that he couldn't handle all of it.

Hobbs stated that today, 02-01-88, she got up out of bed at approximately 0700 hours. Shortly after she got up, Greg got up off the couch, went and got cleaned up and had himself some coffee. He had plans to go into town this morning to check on possible welfare assistance for his son and possible job applications. Shortly after getting up, Greg took Alex and left the residence at approximately 0830 hours to go downtown as originally planned.

When Greg left, Shawnee and her boyfriend, Larry, were still at the house. Shawnee was awake and in her bedroom watching T.V. Steinbring had apparently also gotten up, because he had come out of the bedroom several times to get coffee for himself and Shawnee. After getting the coffee, he went back into the bedroom.

Hobbs stated that she is not sure about what time it was, but thinks that it was within 2 hours that Greg came back to the residence. When Greg came back, she indicated that she was in the kitchen washing dishes and that Merrill, a subject who rents a room from her, was standing just to the other side of the kitchen counter at the wall heater, warming himself due to the cold. Another subject by the name of Steve, that being a neighbor who lives just south of her residence, was inside the kitchen/dining room area using the phone. The

witness said that she was washing the dishes and looking out a back window when she saw Greg walk through the back yard and directly into the garage, which is also just south of the residence where she lives. She said that she did not hear him pull up into the front of the residence in his car, but first noticed him when he walking through the back yard. When asked if she could pin down the exact time that it was that Greg had come back from downtown, she said that she felt it was possibly just a little after 10:00 a.m. in the morning. I asked her if she noticed where her grandson, Alex, was at and she stated that she didn't see him.

She continued washing dishes and indicated to me that the next time she saw Greg was as he walked in through the sliding glass door just next to where Merrill was standing at the heater. Greg didn't say a word to anybody. He just walked passed the witness, the neighbor, Steve and Merrill and went walking towards the back of the trailer, back towards where the bedrooms are located.

I asked her if she saw anything in his hands, such as a possible weapon and she indicated that she didn't see anything in his hands. At the time that he walked through the sliding glass door, she indicated to me that she thought to herself how glum he looked, referring to the suspect, Greg. She immediately mentioned to Merrill and Steve, "Did you see Greg go passed?" She said that she said this in a joking manner.

About that same time, she heard a gun go off. She said that at first, she didn't realize that it was a gun, but then when she did, she immediately ran back into the bedroom, opened the door and saw Greg standing at the foot of the bed with a gun in his hands. She indicated that the gun was up in front of him, pointed at "Steimie", Steimie being the nickname for the victim, Steinbring. She went on to say that Steinbring was on the bed and Greg shot one more time and that Steinbring flipped over. She said that she didn't know if Steinbring was trying to get up and go after Greg or that through the process of getting shot, his body just reacted the way it did and it flipped over off the side of the bed.

She was asked if she heard any yelling or arguing prior to hearing the gunshot go off. She told me that all she could hear was noises coming from the bedroom as she was walking back towards that location. She said that she didn't know if somebody hollered or if he said something or not. It was just a bunch

of noise coming from the bedroom. She did indicate later in the interview, however, that she had heard Greg say something to the effect of, "Now you've done it. Now you've done it." The witness indicated to me that it was as if Greg had found out something while he was downtown. I asked her if she knew who exactly he was saying this to and she indicated that he was saying this to Shawnee.

Hobbs said that when she opened the door, she could see her daughter on the bed and had just jumped up and started to get out of the bedroom and sort of run passed her towards the door. As she was approaching this door, she sort of turned towards Greg and at the same time, he then turned the gun towards her and shot her again. I asked her if when she said shot again, what she meant and she said as her daughter was getting up off the bed, she saw some blood around her daughter's chest or stomach area. After being shot again, the witness said that her daughter went into the hallway and fell into the adjacent bedroom just north of where the shooting occurred. I asked her if she had been shot in the back and she indicated apparently not, because she had turned towards him when he shot her again.

After the shooting occurred, the witness said that she yelled at Greg, "What are you doing Greg? What are you doing?". He immediately turned around and pulled the gun up to the witness's face from a distance of approximately 2 to 3 feet away. The witness said that once the gun was stuck in her face, she said, "Don't do that", and he then put the gun down, never said a word, and walked out of the bedroom. The witness indicated that Greg had a wild look in his eyes.

I asked her if she could give me any further details as to the weapon and she indicated that she didn't know if Greg had put more bullets into the gun while he was in the bedroom or not, or if he just checked the chamber of the weapon, but she remembers seeing the bullets. She indicated that they were big ones. She again told me that she wasn't sure if she saw the bullets in the chamber of the gun or whether the bullets were in his hand. I asked her to describe the weapon to me and she indicated that the gun was dark metal and that the grips had some kind of copper color in them.

The witness went on to say that after having the gun pointed in her face, the suspect walked out of the bedroom and then out of the front door. The witness said that she didn't see where he went, but she went directly over to where

After checking for a pulse on Steinbring and not finding one, she then immediately went over to where her daughter was at in the other bedroom. She went to touch her daughter, but her daughter told her, "Momma don't touch me. I'm alright."

During this point in time of the interview, the witness became emotionally distraught and began crying. The interview was concluded at 1330 hours. Prior to the interview being concluded, however, the witness said that once she settled down, she would be willing to give a more detailed interview.

SUSPECT: SANDERS, Gregory, L.INTERVIEW WITH WITNESS: KENWORTHY, Merrill; WMA, DOB: 01-14-43  
1919 Yucca Mesa Road, Landers, CA.

The interview was conducted at 1405 hours, 02-01-88 inside of a parked unit just adjacent to the crime scene. There were no other persons present during the course of the interview. The following is a synopsis of the statements made to me by the witness, Kenworthy.

Kenworthy indicated to me that he rented a room from DE Lories Hobbs, the owner of the property. He knew very little about the relationship between the three individuals involved, that being Gregory Sanders, Shawnee Sanders and Larry Steinbring. He did know however, that Shawnee and Greg were separated and that Larry was Shawnee's current boyfriend. They had been living together at the same residence where he lived.

Since coming to the residence, Greg Sanders had discussed with Shawnee and Larry things such as, who would get custody of Alex and that these things were discussed in a very mature fashion. Since Greg showed up in the mid portion of last week, he indicated that there were no hostilities or arguments that he was aware of. He thought that things were going to be okay between Shawnee and Greg and that the issues at hand had been settled.

On this particular morning, that being 02-01-88, Kenworthy said that he got to at approximately 8:00 a.m., and when he got up, Greg Sanders, the suspect, was there at the residence. Larry Steinbring was there. Shawnee Sanders was there. DE Lories Hobbs was there. And Greg Sanders' son, Alex Sanders. Greg Sanders had made plans to go to downtown on this particular day to the Welfare Office and to look for a job. He left the residence at approximately 0800 hours with his son, Alex. The witness indicated to me that he felt that Greg was uptight because he could sense it and he knew that Greg was uptight because Greg usually talked to him and that this was not his style; that he would not say anything to him this morning. He indicated that Greg was very closed lipped and usually would talk.

The witness was asked if he knew definitely what type of resolution they had come to in regards to Alex. He indicated to me that he was under the impression that Alex was to be given to Shawnee and that Greg would leave and go elsewhere. These apparently were the original plans, but after Greg and Shawnee had talked one time, the witness indicated to me that Greg had had a

change of attitude, like he was going to stick around and try and work things out, because he was looking for a house and he wanted Shawnee back, however, apparently, Shawnee did not want him back.

After the suspect, Greg, left the residence, between 8:30 and 10:00 a.m., the neighbor who lives just south of 1919 Yucca Mesa by the name of Steve, came over to use the telephone. This occurred prior to 10:00 a.m. He said that Steve had just gotten off the telephone when he (the witness) noticed Greg walk in through the sliding glass door at the back of the house. The witness indicated that he was standing directly adjacent to the sliding glass door getting warm by the wall heater. Greg walked in through the sliding glass door and didn't say anything to anybody.

I asked the witness if he heard Greg come back or if he heard his car pull up in front and he indicated that he did not. The witness said that Greg walked passed all through of them, that being DE Lories, Steve and himself, and walked directly back towards the location of where the bedrooms are, the west side of the trailer. The witness indicated that he felt Greg looked mad and that he didn't say a word.

He was asked if he saw Greg with a gun in his hand as he walked through the sliding glass door and he said that he did not. He figured that the gun was probably hidden. Another thing that he felt was unusual was that he did not see Alex, Greg's son, with him. After Greg walked passed all three of them without making a comment, DE Lories made the comment to Steve and him, "Didn't Greg just walk through here?". Within 10 to 15 seconds, the witness heard what he felt was a gunshot. He said at first he didn't realize it was a gunshot, that it sounded more like something slapping. He indicated the noise was very loud and then he realized it was in fact gunshots. Prior to hearing the gunshots or during the course of the gunshots being fired, Kenworthy said that he heard no voices, no yelling or arguing. I asked him how many shots he thought he heard and he said he heard four (4). Two in rapid succession, a short pause and then two more in rapid succession. While the shots were being fired, DE Lories went back to the bedroom and the witness then realizing what was going on, immediately proceeded towards the telephone.

As he was going towards the telephone, he heard DE Lories say, "My God, what have you done?". Shortly after making this comment, the witness said that he saw Greg come out of the bedroom where Shawnee and Larry were staying and

walk directly towards the front door, then out of it. As he exited this bedroom, Kenworthy said that he saw a gun in Greg's hand. Which hand it was in, he can't remember. As he walked out the front door, the other witness, Steve, locked the front door behind Greg.

Kenworthy was asked to describe the weapon that he saw in Greg's hands. He indicated that it was a revolver, rather large and made out of black metal. He said that he did not see the grips. After Greg exited the door and Steve locked it behind him, he said that he did not follow Greg to see where he went and really wasn't paying any attention as to where he went because he was on the telephone calling the Sheriff's Office.

He said the total time span between the time that Greg walked in through the sliding glass door until the time that he walked out of the front door after the shooting, he said that it occurred within 2 minutes. He said that he did not actually see Greg shoot anybody, but from the circumstances that he saw, he figured out that Greg had probably just shot Shawnee and Larry.

He was asked if he knew of any weapons that were being kept on the property. Greg and he said that he was not aware of any, but figured that Greg probably went to the garage to retrieve a gun or a weapon that he had in his property which was stored in the garage.

The witness had no further information to add to the interview and it was concluded at 1415 hours, 02-01-88.

ARRIVAL/BRIEFING:

On 2-1-88 at 1230 hours myself and Detective JIM DE LAPP arrived at the address on Yucca Mesa and were contacted by Captain KNADLER from the Morongo Substation who advised us of the following.

Captain KNADLER advised DE LAPP and myself that inside the residence was a deceased subject, a white male adult, tentatively identified as a LARRY STEINBRING. Another victim of the shooting SANDERS, SHAWNEE had already been transported to High Desert Community Hospital for treatment of her wounds.

DE LAPP and I were also told that a possible suspect in this shooting was a subject by the name of GREGORY SANDERS. We were told that upon the arrival of Sheriff's deputies at the shooting scene. The suspect GREGORY SANDERS had already fled the area. We were told that while the initial deputies that responded to the address on Yucca Mesa were conducting their initial crime scene investigation, the suspect SANDERS was located by the Sheriff's helicopter crew on top of Goat Mountain which is located directly northwest of where the shooting took place.

After being taken into custody by the helicopter crew he was subsequently transported to the Morongo Substation and booked for PC 187.

INFORMATION RECEIVED:

During the course of the witness interviews I learned that the suspect GREGORY SANDERS had possibly retrieved the murder weapon from the garage adjacent to where the shooting took place. This garage being on the same piece of property and owned by the same owner as the trailer where the murder occurred. The property owner being HOBBS, DeORIES, the owner of 1919 Yucca Mesa in Landers.

During the interview with DeORIES HOBBS I learned that the suspect SANDERS had stored some property inside of her garage on that piece of property. I then requested that she give me consent search to check that garage to find a possible location of where the weapon came from.

CONSENT SEARCH:

At 1525 hours 2-1-88 DeORIES HOBBS signed the consent to search form provided to her by me and I then conducted a search of the interior of the garage. This garage was located directly south of the shooting scene itself.

Upon entry into the east door of the garage I walked westerly for approximately five feet when I looked off to my left and noticed a brown leather holster laying on top of a white plastic bag in the middle portion of the garage. This holster appeared to have been thrown on top of this plastic bag and the snap with which the weapon would be secured with was unsnapped. This holster which could possibly belong to the suspect SANDERS was subsequently taken by me as evidence and tagged into Sheriff's I.D. under tag number B39960. For additional information refer to attached copy of evidence tag.

## ADDITIONAL INFORMATION RECEIVED:

During the course of the investigation I learned that Detectives NASH and AUSTIN, who were interviewing the suspect GREGORY SANDERS, had obtained consent search from SANDERS to search his vehicle which was parked on the premises. That being a 1973 Dodge Dart Swinger, gray primer over green in color, two door, bearing Arizona license plate VYT026.

After receiving information that consent search forms had been signed for the vehicle. I subsequently checked this vehicle for any items of evidentiary value. The only items I could find were miscellaneous papers belonging to GREGORY SANDERS which had been filled out by him in an effort to gain assistance from the Welfare Department for his son ALEX SANDERS.

During the course of the investigation Detectives learned that the suspect GREGORY SANDERS had left earlier that day at approximately 1830 hours to travel to the Welfare Office in an effort to get this welfare assistance. The paperwork along with other miscellaneous notes and letters were subsequently taken by me as evidence and tagged into Sheriff's I.D. under tag number B39961.

## RECOVERY OF MURDER WEAPON:

At that time that the suspect SANDERS was arrested by the Sheriff's helicopter crew he was not in possession of a weapon. Deputy JIM HENLEY from Morongo Substation was subsequently transported by the Sheriff's helicopter to the peak of Goat Mountain. He subsequently recovered the possible murder weapon at that location, photographed it, and did a crime scene sketch of the location of the gun in correlation to the residence and the peak of the mountain. As to additional information refer to Deputy HENLEY's report, same DR number.

INTERVIEW: JAMISON, STEVEN RAY (continued)

He said that BELVEDERE had gotten on the phone and was talking with the police department and DEL had called out to him to get her a blanket so she could put it over SHAWNEE, who had been wounded. He said that he went in and tried to help SHAWNEE but she told him to leave her alone. He then went over and tried to administer first aid to LARRY, who was on the floor. He said that he felt his wrist and could not locate a heartbeat. He said he then tried CPR, banging on LARRY's chest, but could not obtain a heartbeat. He said that LARRY was warm to the touch when he had felt his wrist.

STEVEN told us that he did not know which door the suspect had left the trailer from, stating that things had happened so fast. He also stated that he did not notice a gun in GREG's hand when he entered the bedroom area. He stated that the first thing that he heard after the shots was DEL, SHAWNEE's mother scream, when she had what appeared to be an altercation with GREG, as he was leaving the house. He said he asked her what was going on and DEL responded by saying GREG just shot SHAWNA and LARRY.

STEVEN told us that when he had walked into the house, everybody was in the living room except LARRY and SHAWNEE, who were in their bedroom of the residence. He said that the child was in a room just off of the living room. STEVEN said that when GREG had come into the residence, no one thought much of it because he had been staying there for the past week. He said that his actions took everybody by surprise and that they did not anticipate what was going to happen.

STEVEN told us that he thought that the incident had occurred because of a "love scuffle, the incredible triangle". SHAWNA had both of her boyfriends at the house and he had asked her during that week how she had been dealing with the situation, telling her that these two guys were going to end up fighting over her.

INTERVIEW: JAMISON, STEVEN RAY (continued)

He advised me that LARRY was SHAWNEE's lover and had been living at the residence with SHAWNEE for approximately the last three months. He said that GREG had come about a week ago and was trying to work his situation out with SHAWNEE also, and that the boy, ALEX, she considered to be her son. He told me that GREG had been in town for about a week and had been looking for work, while staying at the residence.

STEVEN told us that BELVEDERE had been staying at the residence for the last couple of weeks and had answered an ad, which would have placed in the newspaper by DEL, SHAWNEE's mother, asking for someone who could stay at the residence and share expenses.

STEVEN said that the day before, everything seemed okay, that they had all been drinking at the residence, and everything had seemed fine. He said that GREG had appeared to have been drinking heavily and he had been told this by other members of the family who were there, however he was sober enough to ride around on his motorcycle with his son on the back.

STEVEN told us that he had also heard that the suspect, GREG, had gone to town the day before and this morning, and had come back from town. He said that GREG may have heard something in town (that triggered him off).

STEVEN said when he went into DEL's house GREG's car was gone and that he must have driven up to the house before he went inside.

End of synopsis.

## PRE POLYGRAPH INTERVIEW:

SUSPECT GREGORY LYNN SANDERS

WMA-36, DOB: 11/3/51

A polygraph examination was administered to suspect GREGORY LYNN SANDERS by polygraph examiners DAVE WILLIAMS and MIKE STANSELL. Prior to the administration of this test, a pre polygraph interview was conducted by the two examiners. These interviews were tape recorded and were conducted between 1527 hours, 2/1/88 and 1815 hours, 2/1/88. This is a synopsis of the information which was monitored by myself, Detective AUSTIN.

Suspect GREGORY SANDERS told the examiners that on 9/6/87, that his estranged wife, SHAWNEE and himself had been burglarized. He said at the time that SHAWNEE had accused several people of burglarizing the house. He named these people as DAVE, STACY, and "WILDMAN MIKE". He said that they then started receiving harassing letters. He said that the authors of these letters wrote to his wife, making statements in the letters, something to the effect "TOO TALL, you stupid bitch, we got everything you got." (SHAWNEE has an AKA of "TOO TALL")

He said that they had taken everything that she owned that was dear to her, and after accusing these people she ended up accusing himself. She had told him in no uncertain terms that she wanted all of her stuff back.

He also indicated that there had been a dispute between his mother and SHAWNEE at one time and that his mother had tried to shoot SHAWNEE. He said that he did not know why his mother wanted to do this. He said that while they were living in Arizona, that several individuals had moved in with him and his wife. This included a girl by the name of BLUE, LARRY (the victim) and a subject by the name of SCOOTER. He said that LARRY and SCOOTER had some sort of a gang-bang going on with BLUE. He said that he eventually went to court, got an order to have the subjects removed from his house.

PRE POLYGRAPH INTERVIEW: SUSPECT GREGORY LYNN SANDERS (continued)

During this interview he also talked about custody disputes he had had with his ex-wife, KATHY, stating that KATHY had kidnaped his son, ALEX, on three different occasions and on one occasion held him hostage and a SWAT team had to remove ALEX from her custody. He indicated that KATHY had kept ALEX away from him on three different occasions. On the first occasion for nine months.

The second occasion for two months, and the third occasion for one month.

He indicated that he had been having problems with SHAWNEE and SHAWNEE had finally kicked him out of his own house.

He said that last Thanksgiving, he had found out that LARRY and SHAWNEE had moved to Morongo. He had been receiving letters from SHAWNEE and SHAWNEE had hinted that she wanted to try to get back together. He said that he had received a 90 minute cassette tape from SHAWNEE around New Year's.

The Polygraph examiners asked him about his blackout spells and he told them that he has been experiencing these types of spells for approximately the last eight years; and during the last couple of years they have been occurring on a regular basis. He says that they will occur approximately three times a month.

GREGORY told the examiners that when he feels these blackouts coming on, that his face will start tingling and it becomes numb.

He was asked if he had ever been in an accident and he indicated that he had been in an accident four years ago while water skiing, that he had spent time in the hospital. He said that he had found out that he had been unconscious for approximately two hours during this accident.

PRE-POLYGRAPH INTERVIEW: SUSPECT GREGORY LYNN SANDERS (continued)

The examiners then attempted to focus on the week before the shooting. GREGORY SANDERS told the examiners that the first day that he had gotten to Morongo, that he had seen SHAWNEE in the afternoon and that they (SHAWNEE and ALEX) played and BELVEDERE who was staying at the residence helped him unload some of his stuff into the garage.

On the second day, he said that he discussed with SHAWNEE if she wanted LARRY's type of life or his type of life, and that she was going to have to decide on who she wanted to live with. He said that he had received the 90 minute cassette tape around New Year's, and on that tape SHAWNEE had told him that she did not want to divorce him.

GREGORY told the examiners that on the second or third day, that he was in Morongo, he believed it was Friday, he had gone around the area attempting to locate electric companies in order to try and find a job. He said that night that he had slept on the couch and LARRY and SHAWNEE had slept in the same bedroom. He was asked if that bothered him, and he responded by saying, it kind of bothered me, even though LARRY was there, it was SHAWNEE's choice.

On Sunday, he said that they had all gone to church and that he came home and he changed his clothes. He said that they had a large meal then watched the Super Bowl game and later that evening played Spades and Backgammon and some other games.

The next morning he said that he was awakened at about 07:45 A.M., and he was awakened by BELVEDERE, who had walked into the kitchen area. He said that he got himself a cup of coffee and that he then got ALEX up, and got ALEX a bowl of cereal. He said that at the time ALEX was sleeping in the room adjacent to the living room and that he could see ALEX from the couch, which he had been sleeping on.

PRE-POLYGRAPH INTERVIEW: SUSPECT GREGORY LYNN SANDERS (continued)

He said that once ALEX was up he told ALEX that they needed to go to town. They got the cereal and that once he ate, he then made ALEX give DEL a kiss, that they then got in their car and left for town.

GREGORY told the examiners that this was about 8:20 in the morning. While en route to town, ALEX had told him that he wanted a MacDonald's Happy Meal. He said that he told his son that it was too early in the morning, but they went to MacDonald's then had breakfast. He said that he had purchased himself a sausage/egg MacMuffin, and ALEX had the Big Breakfast. He said he then read the newspaper at MacDonald's and mentioned reading about the Super Bowl game. While there, ALEX wanted to go to the playground, but he told him that he couldn't go, telling him that they had to go to the Welfare Office.

The polygraph examiner asked him if he was familiar with the area and if he had been stationed in 29 Palms and he stated that he had. He said that he remembered telling ALEX that they couldn't go to the playground, but would do it after they got back from the Welfare Office. He told the examiners that that was all he could remember about what had happened that day. He told them that he did not remember driving home. He was specifically asked about the duck and responded by saying that the duck had come up missing. The next thing he remembered that he was up on a hill, shooting a guy on a cross.

He said he remembered that he was in an open area and he heard voices coming from the cross on the mountain. He said he saw the man standing there and the man said "Now you're up here, you're not getting your duck back." He said that he remembered shooting at the man and the man continued to laugh at him.

GREGORY told the polygraph examiners that the gun which he had used to shoot at the cross was always kept loaded and that the bullets were flat nosed. He described the gun as being a .38 caliber handgun, blue in color, with black rubber grips. He was asked when he last checked the gun to see if it was loaded and he told the examiners that this was eight or nine days ago when he had gotten the gun back from Peoria Police. He said that he kept the gun in his car, and when cleaning it out upon arrival in Morongo, that he had placed the gun in a sack along with some cassette tapes, toys, alarm clock and his stereo. He then told the examiners that once he had looked in the bag for the duck and had found out that the duck was not there, that he took the gun out.

PRE POLYGRAPH INTERVIEW: SUSPECT GREGORY LYNN SANDERS (continued)

The examiners then asked him about the gun and where it had been kept in the garage. He said that he had set the gun on top of some boxes and he was asked about the condition of the gun, if it was fully loaded and he said no, that he always kept one chamber empty under the hammer. He said that while he was up on the mountain, that he shot once at the guy on the cross and the next time he pulled the trigger he heard a click. He said he then started to beat the cross with the gun, holding the weapon anyway he could.

He said a while later that he noticed a helicopter circle around. He did not recognize who was in the helicopter until it passed again. He said at that time he had been sitting on a rock with his Doberman sitting next to him at his side. He told them that the dog's name is "Gungy". He said that the helicopter landed and that a man got out and told him to put his hands on top of his head and turn around. He said at that time that he had asked the deputy if he had come up to help him look for his duck. He said he was then handcuffed and walked to the helicopter. He also told the examiners that his frog was missing also, but that he really wanted his duck.

During this interview GREGORY indicated that SHAWNEE had been upset. LARRY and SHAWNEE had been having a fight, that he had approached SHAWNEE and asked her if he was upsetting the relationship and if he was, he would leave. He told her that the only reason he had come there was to see if she wanted to get back together with him. He told her that the most important thing to him was that he wanted everybody to be happy.

## S U P P L E M E N T A L

SUSPECT:

SANDERS, GREGORY L.

ADDITIONAL INFORMATION - REPORTING OFFICER:

On 02-01-88 at approximately 1026 hours I heard radio traffic of a possible shooting at 1919 Yucca Mesa Road. Riding with me in the unmarked Sheriff's unit was Sgt. ROBERT SIMENDICH, the Watch Commander for day shift.

Sgt. SIMENDICH and myself started towards the location at 1919 Yucca Mesa Road. Enroute to the address at 1919 Yucca Mesa Road in the vicinity of Avalon and Aberdeen, a paramedic four wheel drive ambulance was Code 3 behind our unmarked unit.

I arrived at the scene at 1050 hours on 02-01-88 at which time I entered the residence with Sgt. SIMENDICH and observed in the southwest bedroom one person and in the northwest bedroom one person that the paramedics, who entered directly in front of me, were attempting to assist. Inside the residence at this time was Deputy HENLEY.

I then talked to Deputy HENLEY and other persons at the scene to determine who had been inside the residence prior to my arrival. The following persons had been inside the residence: Deputy HENLEY and Deputy LOVAN from the San Bernardino County Sheriff's Department. Morongo Basin Station, paramedics, DOUG ANDERSON and BILL EVANS, who were driving the ambulance. Also two other paramedics who drove a fire truck from the Aberdeen station which were PULLMAN and SIPES. Upon paramedics advising that the subject in the southwest bedroom was deceased and the loading and transportation of the second victim from the northwest bedroom, all persons were removed from the residence by myself pending the arrival of homicide and identification teams.

I then talked with the persons outside to determine if they had been in the residence prior to my arrival and found the following persons had been inside the residence on 02-01-88 in the morning hours:

ADDITIONAL INFORMATION - REPORTING OFFICER: (Coniued)

1. DE LOIES HOBB, WFA, DOB 08-30-27, 1919 Yucca Mesa Road.
2. MERRIL KENWORTHY, DOB 01-14-43, 1919 Yucca Mesa Road.
3. ALEX SANDERS, age 4, 1919 Yucca Mesa Road.

Also in the residence was a neighbor, STEPHEN JAMISON, DOB 06-22-52, 1875 Yucca Mesa Road..

I then talked briefly with DELOIES HOBB to attempt to identify the victims in the residence. The female victim transported to the hospital was SHAWNEE SANDERS, WFA 28, DOB 09-07-59, 1919 Yucca Mesa Road. The second subject possibly deceased in the residence was only known as STEINBRING, WMA. Subject had nothing further and was not interviewed further by me at this time.

I then observed that there were foot tracks next to the possible suspect vehicle belonging to GREG SANDERS who had possibly fled in a northbound direction. Sgt. WHITE from the Morongo Basin station, accompanied by Deputy HENLEY, attempted to start tracking the foot prints.

A short time later I heard a noise that sounded like a gunshot coming from the mountain area north of our location. I then recovered a set of binoculars from my unit and started looking at the mountain to which I noticed a white cross at the top and shortly thereafter saw a subject walking around by the cross wearing blue jeans and a blue jean type jacket. The subject then went out of sight to the northeast of the cross. The helicopter was summoned to the area and located the suspect on the mountain.

I then stood by protecting the crime scene pending arrival of homicide detail, allowing no further person/s to enter the residence until their arrival.

DISPOSITION:

Forward to Homicide Detail.

ADDITIONAL INFORMATION - OFFICER:Assignment of call:

On 02-01-88 at 1022 hours I was assigned to a possible shooting which had occurred in the Landers area at 1919 Yucca Mesa Road. - Additionally, radio dispatcher advised that one subject was possibly shot and dead and there was also a possible second victim shot with condition unknown. Finally, I was advised that the alleged suspect had possibly fled from the area, was still armed and was in the immediate vicinity, whereabouts unknown.

Arrival at scene:

After arriving at scene I met with a male subject who was also described to me over the air and who was designated as the reporting party. I immediately asked the subject what had happened and he said there was a shooting and there were two people who had been shot. As I was speaking with the RP I was also making a visual scan for suspect because I did not know his immediate whereabouts. I then asked the reporting party where the victims were located and he then pointed to a brown trailer and stated "INSIDE THE BEDROOMS". He said there were two people inside who were shot. I asked him if anyone else was inside the trailer and he said "YES" that there was a grandmother, a child and one other neighbor. I then asked him again if he had any idea where the suspect was and he said no, that suspect was on foot and was still armed.

I then asked the reporting party if he would please go and get the other subjects out of house and I asked him a final time was he sure there was no one else inside. He then went in and retrieved an older female, a younger male child and a another white male adult. As soon as I had these persons secured I had them stay on the north side of the trailer and on the front porch. I then directed all the persons on the porch not to go anywhere or walk around or disturb anything and I then made a check inside the residence for additional person/s.

and the bed. After making a brief check of victim #1, it appeared he was deceased. I then went over to the northwest bedroom, saw a white female lying on her right side wearing a blue aqua robe and covered with a blanket with bloodstains on it. At that time I made a check to determine if she was dead or alive and after nudging her a bit and identifying myself as being from the Sheriff's Office, she made some sounds. I made a further check of the female and found she was still conscious and asked her what had happened. The female told me she had been shot in the abdomen. I then asked her for what would be a dying declaration, who shot her and she said "IT WAS GREG". It was difficult for her to speak at this time and I then advised her medical help would be on the way shortly. I left the female as she laid and kept her covered.

After my brief check and conversation with SHAWNEE SANDERS, victim #2, I went back to the porch to get further information from subjects outside. Subjects stated that the suspect by the name of GREG SANDERS had left on foot in an unknow direction and was possibly still armed with a revolver. I then continued my investigation with other responding deputies and Sgt. AL WHITE.

Further Observations:

Additionally, I observed on my arrival a vehicle that was parked faced in on the northwest corner of the mobile home. This was a primer top and faded yellow body Dodge Singer bearing Arizona license plate VYT026. I also noticed there was a large Vibram type foot-print with a rounded toe which I believed belonged to suspect. Eventually, this same track was followed towards what is locally known as the Goat Mountain area to the north.

Additionally, I saw there was what appeared to be a bullet hole in a west facing window from the southwest bedroom. There was also a small outward indentation whcih may also have been the result of a bullet.

TRACKING OF SUSPECT:

Sgt. AL WHITE and myself began to follow possible suspect foot tracks northbound on a dirt road which had been freshly graded towards the Goat Mountain area. We followed these tracks until they turned to the east on another dirt road, then cut through a residence back to the north. From there, we were unable to spot any further foot tracks, however, we did receive information that suspect might be climbing in the rocks up in front of us

and possibly be accompanied by a black dog of some sort. While we were there investigating the area, we heard a sound that sounded like a gunshot and continued to investigate further in the rocky area.

After continuing our search for suspect, we were notified that suspect had been located by 40-King in the rocky area and taken into custody.

RECOVERY OF SUSPECT WEAPON:

I recovered suspect weapon on this date 02-01-88 at 1344 hours after being flown to the top of a hill where there is a white cross at its pinnacle. This area is located almost directly to the north of victim's residence. While in that area, I recovered a blue steel revolver made by Taurus, appearing to have a four inch barrel. Additionally, it had plastic grips and appeared it had been scraped or pushed into some type of material which scoured the mouth of the barrel. Additionally, there was some type of marking on the rubber grips. The gun was laying on its left side directly to the north of the white cross which was imbedded in the rocks. The barrel of the gun was approximately 11½ inches from the north face of the wooden cross, that is 11½ inches from the side of the cross to the mouth of the barrel. A second approximate measurement was taken from a elongated line from the cross to the west and the butt of the gun will be approximately 9 3/4 inches from the elongated line to the west from the north face of the post. The post itself is 3½ inches in depth and 7 wide with the 7 inches directed east and west.

The surrounding terrain is extremely rocky with very little surface dirt visible.

CHAIN OF EVIDENCE:

After returning with 40-King to crime scene, I gave the recovered weapon to Criminalist, JOHN JOHNSON, on this date 02-01-88 at 1405 hours.

PHOTOGRAPHS TAKEN:

I took several photographs of the suspect weapon at location where it was found in the rocky mountainous area.

ADDITIONAL INFORMATION - REPORTING OFFICER:

On 02-01-88 at approximately 1026 hours I heard radio traffic of a possible shooting at 1919 Yucca Mesa Road. Riding with me in the unmarked Sheriff's unit was Sgt. ROBERT SIMENDICH, the Watch Commander for day shift.

Sgt. SIMENDICH and myself started towards the location at 1919 Yucca Mesa Road. Enroute to the address at 1919 Yucca Mesa Road in the vicinity of Avalon and Aberdeen, a paramedic four wheel drive ambulance was Code 3 behind our unmarked unit.

I arrived at the scene at 1050 hours on 02-01-88 at which time I entered the residence with Sgt. SIMENDICH and observed in the southwest bedroom one person and in the northwest bedroom one person that the para-medics, who entered directly in front of me, were attempting to assist. Inside the residence at this time was Deputy HENLEY.

I then talked to Deputy HENLEY and other persons at the scene to determine who had been inside the residence prior to my arrival. The following persons had been inside the residence: Deputy HENLEY and Deputy LOVAN from the San Bernardino County Sheriff's Department. Morongo Basin Station, para-medics, DOUG ANDERSON and BILL EVANS, who were driving the ambulance. Also two other para-medics who drove a fire truck from the Aberdeen station which were PULLMAN and SIPES. Upon para-medics advising that the subject in the southwest bedroom was deceased and the loading and transportation of the second victim from the northwest bedroom, all persons were removed from the residence by myself pending the arrival of homicide and identification teams.

I then talked with the persons outside to determine if they had been in the residence prior to my arrival and found the following persons had been inside the residence on 02-01-88 in the morning hours:

ADDITIONAL INFORMATION - REPORTING OFFICER: (Coniued)

1. DE LOIES HOBB, WFA, DOB 08-30-27, 1919 Yucca Mesa Road.
2. MERRIL KENWORTHY, DOB 01-14-43, 1919 Yucca Mesa Road.
3. ALEX SANDERS, age 4, 1919 Yucca Mesa Road.

Also in the residence was a neighbor, STEPHEN JAMISON, DOB 06-22-52, 1875 Yucca Mesa Road.

I then talked briefly with DELOIES HOBB to attempt to identify the victims in the residence. The female victim transported to the hospital was SHAWNEE SANDERS, WFA 28, DOB 09-07-59, 1919 Yucca Mesa Road. The second subject possibly deceased in the residence was only known as STEINBRING, WMA. Subject had nothing further and was not interviewed further by me at this time.

I then observed that there were foot tracks next to the possible suspect vehicle belonging to GREG SANDERS who had possibly fled in a northbound direction. Sgt. WHITE from the Morongo Basin station, accompanied by Deputy HENLEY, attempted to start tracking the foot prints.

A short time later I heard a noise that sounded like a gunshot coming from the mountain area north of our location. I then recovered a set of binoculars from my unit and started looking at the mountain to which I noticed a white cross at the top and shortly thereafter saw a subject walking around by the cross wearing blue jeans and a blue jean-type jacket. The subject then went out of sight to the northeast of the cross. The helicopter was summoned to the area and located the suspect on the mountain.

I then stood by protecting the crime scene pending arrival of homicide detail, allowing no further person/s to enter the residence until their arrival.

DISPOSITION:

Forward to Homicide Detail.

ADDITIONAL INFORMATION - OFFICER:Assignment of call:

On 02-01-88 at 1022 hours I was assigned to a possible shooting which had occurred in the Landers area at 1919 Yucca Mesa Road. Additionally, radio dispatcher advised that one subject was possibly shot and dead and there was also a possible second victim shot with condition unknown. Finally, I was advised that the alleged suspect had possibly fled from the area, was still armed and was in the immediate vicinity, whereabouts unknown.

Arrival at scene:

After arriving at scene I met with a male subject who was also described to me over the air and who was designated as the reporting party. I immediately asked the subject what had happened and he said there was a shooting and there were two people who had been shot. As I was speaking with the RP I was also making a visual scan for suspect because I did not know his immediate whereabouts. I then asked the reporting party where the victims were located and he then pointed to a brown trailer and stated "INSIDE THE BEDROOMS". He said there were two people inside who were shot. I asked him if anyone else was inside the trailer and he said "YES" that there was a grandmother, a child and one other neighbor. I then asked him again if he had any idea where the suspect was and he said no, that suspect was on foot and was still armed.

I then asked the reporting party if he would please go and get the other subjects out of house and I asked him a final time was he sure there was no one else inside. He then went in and retrieved an older female, a younger male child and a another white male adult. As soon as I had these persons secured I had them stay on the north side of the trailer and on the front porch. I then directed all the persons on the porch not to go anywhere or walk around or disturb anything and I then made a check inside the residence for additional person/s.

Contact with victims:

Victim #1: STEINBRING, LARRY JOHN, WMA age unknown. Victim #2 is SANDERS AKA FARLEY, SHAWNEE, WFA 28, DOB 09-07-59.

Location of Victim #1:

Location of victim #1 will be in the southwest bedroom. Victim was lying on his left side with his feet facing to the west and it appeared he was lying between the south wall

and the bed. After making a brief check of victim #1, it appeared he was deceased. I then went over to the northwest bedroom, saw a white female lying on her right side wearing a blue aqua robe and covered with a blanket with bloodstains on it. At that time I made a check to determine if she was dead or alive and after nudging her a bit and identifying myself as being from the Sheriff's Office, she made some sounds. I made a further check of the female and found she was still conscious and asked her what had happened. The female told me she had been shot in the abdomen. I then asked her for what would be a dying declaration, who shot her and she said "IT WAS GREG". It was difficult for her to speak at this time and I then advised her medical help would be on the way shortly. I left the female as she laid and kept her covered.

After my brief check and conversation with SHAWNEE SANDERS, victim #2, I went back to the porch to get further information from subjects outside. Subjects stated that the suspect by the name of GREG SANDERS had left on foot in an unknown direction and was possibly still armed with a revolver. I then continued my investigation with other responding deputies and Sgt. AL WHITE.

Further Observations:

Additionally, I observed on my arrival a vehicle that was parked faced in on the northwest corner of the mobile home. This was a primer top and faded yellow body Dodge-Singer bearing Arizona license plate VYT026. I also noticed there was a large Vibram type foot-print with a rounded toe which I believed belonged to suspect. Eventually, this same track was followed towards what is locally known as the Goat Mountain area to the north.

Additionally, I saw there was what appeared to be a bullet hole in a west facing window from the southwest bedroom. There was also a small outward indentation which may also have been the result of a bullet.

TRACKING OF SUSPECT:

Sgt. AL WHITE and myself began to follow possible suspect foot tracks northbound on a dirt road which had been freshly graded towards the Goat Mountain area. We followed these tracks until they turned to the east on another dirt road, then cut through a residence back to the north. From there, we were unable to spot any further foot tracks, however, we did receive information that suspect might be climbing in the rocks up in front of us

and possibly be accompanied by a black dog of some sort. While we were there investigating the area, we heard a sound that sounded like a gunshot and continued to investigate further in the rocky area.

After continuing our search for suspect, we were notified that suspect had been located by 40-King in the rocky area and taken into custody.

RECOVERY OF SUSPECT WEAPON:

I recovered suspect weapon on this date 02-01-88 at 1344 hours after being flown to the top of a hill where there is a white cross at its pinnacle. This area is located almost directly to the north of victim's residence. While in that area, I recovered a blue steel revolver made by Taurus, appearing to have a four inch barrel. Additionally, it had plastic grips and appeared it had been scraped or pushed into some type of material which scoured the mouth of the barrel. Additionally, there was some type of marking on the rubber grips. The gun was laying on its left side directly to the north of the white cross which was imbedded in the rocks. The barrel of the gun was approximately 11½ inches from the north face of the wooden cross, that is 11½ inches from the side of the cross to the mouth of the barrel. A second approximate measurement was taken from a elongated line from the cross to the west and the butt of the gun will be approximately 9 3/4 inches from the elongated line to the west from the north face of the post. The post itself is 3½ inches in depth and 7 wide with the 7 inches directed east and west.

The surrounding terrain is extremely rocky with very little surface dirt visible.

CHAIN OF EVIDENCE:

After returning with 40-King to crime scene, I gave the recovered weapon to Criminalist, JOHN JOHNSON, on this date 02-01-88 at 1405 hours.

PHOTOGRAPHS TAKEN:

I took several photographs of the suspect weapon at location where it was found in the rocky mountainous area.
